

High School S&E

Date: February 9, 2008

Northern Site: Eaton Rapids HS

Southern Site: Tecumseh MS

Thanks to everyone for your patience throughout the computer problems at the State Office. Even though everything is supposed to be fixed by now, people have still been having problems logging in as recently as last week. Please direct your computer problems to the state office, but do not hesitate to contact your Vice President if your inability to log in/register will result in a delay in getting your registration forms sent out.

Also, do not forget to make 2 copies of your invoice when sending them to your District V.P. We need one for our records and one to send to the state office, and it causes a delay for us when we need to copy your invoices.

I do not know how the delays in scheduling will impact our receiving schedules for your students. Please let me know if you need any changes when you receive your schedules. We will accommodate you as best as we can. If you can do any changes within your own school, that would be great.

Please call me at 734-353-9670 or email me at melissam@wildcat.onsted.k12.mi.us.

Thanks!

Melissa Marks
